SCLEROS

HARD METAL PERFORMANCE SOLUTIONS

OMCD GROUP

Scleros is the OMCD Group company specialising in the design and production of **high-precision finished carbide tools**, both standard and customised.

HIGH QUALITY

The modern industrial world prefers **tungsten carbide components** that improve production efficiency. Scleros is the right answer, offering products of the highest quality: high-performance, durable and with a high degree of precision and finish.

SOLID ROOTS AND ITALIAN HEART

Still owned by the Tedeschi family who founded it **over 70 years ago**, Scleros manufactures 100% Made in Italy products that it exports to over 50 countries around the world.

A GLANCE AT THE PAST, PROJECTED INTO THE FUTURE

While maintaining the company's historical principles and values, Scleros is a state-of-the-art company, equipped with the latest machinery and tools, which it constantly upgrades and increases.

- 70 years of experience
- Certified quality
- High precision and finish
- Production flexibility
- Cutting-edge technology

Part of Scleros' success is due to the presence within the OMCD Group of **Hi.Lab, the physical-metallurgical laboratory** that guarantees **the highest metallurgical quality standards for our products.**

Constantly active in the research of new material compositions and in the implementation of production processes, Hi.Lab is equipped with **technologically advanced instrumentation** to be able to carry out a complete characterisation of the materials of interest and to simulate many of the stages of the production process.

> Camma

> Pad with and without flip

> Rolls

> Bushing for flip pad

> Greek blade

> Notches

> Fingers

Solutions for the food

SCLEROS specialises in the production of special Hard Metal equipment for the manufacture of

CLOSURE SYSTEMS FOR GLASS AND PLASTIC CONTAINERS.

Thanks to their **hardness and wear resistance**, Hard Metal alloys are the perfect solution for making dies for cold forming and stamping of closure systems for the **packaging, food, canning and medical industries.**

In-depth technological knowledge of the process and the use of state-of-the-art machinery enable **Scleros** to manufacture **products with tight tolerances and high surface qualities.**

**CAPSULES
CANS
AEROSOL
INDUSTRIAL PACKAGING
DECORATED AND
CUSTOMISED BOXES**

The **OMCD Group**, headed by the Tedeschi family for two generations, is a multinational company made up of **9 brands active in the field of Hard Metal, sintered copper/ tungsten and precious metals.**

Its centralized structure and synergy between each **brand guarantees control of the entire production process**, from the refining of minerals to the micro-finishing operations.

Technical competence, continuous innovation and focus on customer satisfaction are just some of the reasons why every day more and more companies rely on **OMCD Group as their commercial business partner.**
